YELLOWJACKET
OILFIELD SERVICES
A YJOS COMPANY

THRU TUBING SERVICES

Our thru tubing services offer exceptional solutions for a variety of applications, even in the most challenging environment. We deliver first-class service by using the best coiled tubing motors from various manufacturers to create a customized hybrid motor unique to Yellowjacket.

Additionally, our in-house assembly and maintenance technicians build inventory daily in a centralized location to ensure the utmost quality control. With API Cat 3 inspection, in-house Dyno capability, pressure testing, and redress data documentation, we strive to exceed all customer expectations.

Our success is largely due to our seasoned team of operators. With numerous successful projects completed in various situations, including but not limited to simple cleanouts, "1 Mill, 1 Motor" drillouts, and extended laterals reaching ~30,000 TD, our field service supervisors have the experience and expertise to complete any operation safely and effectively.

Cleanouts | Drillouts | Fishing | Milling | Stimulating

Motor Size	Power Section	Flow Range (GPM)	Revolution Per Gallon	Lobes	Stages
1.69"	5650	25-45	15	5:6	5.0
2.13"	5660	20-50	12.2	5:6	6.0
2.88"	5647	50-168	3.56	5:6	4.7
2.88"	4540	70-210	2.95	4:5	4.0
2.88"	91040	42-168	2.2	9:10	4.0
3.13"	5635	100-230	2.15	5:6	3.5
3.38"	5635	100-230	2.15	5:6	3.5
